Old Business

September meeting moved to the 10th

June 18 (Fathers Day) possible change to June 17 or an evening tournament

New Business

Dave F spoke on the success he had in securing the Co-Angler of the Year

-Early success (was in the top 2 for the first few tournaments)

-Listen/watch your boater to see how he is working his bait/s

-Fish different from boater. Different baits/lures and presentations

Mark B spoke on the success he had in securing the Angler of the Year

- Fishing Marinas. Be courteous to the people that have their boats in there.

- Pay attention to surroundings, fish cables (you will lose some equipment) the risk is worth the reward. Do not overlook the ditches as they can be very productive.

Use underspins, drop shot, and topwater in these areas.

Remember to stay HYDRATED and dress for the weather.
